Aligning Strategic Planning and Assessment Processes

We need to make sure we are driving our institutional assessment and it is not driving us.

Strategic Plan:

- Ensures assessment will be institution-wide
- Focuses data collection at different levels
- Motivates those tasked with assessment
- Provides opportunity to review longitudinal assessment
- Assists with carrying out the assessment loop
- Creates a culture of improvement

Don't Reinvent the Wheel

- **Resistance:** Really? Do I have to do this???
- **Recognition:** Use assessment formats that are familiar for better stakeholder buy-in
- **Relevance:** Avoid duplication of assessment and SP Expected Outcomes/targets

SP is used to develop or launch specific projects that later become part of the annual assessment process.
